Early Entry Incentives Now Available in North Carolina for Premier, Time-Tested Educational Tutoring Franchise!

The **WHIZard Academy for Mathematics & English®** is accelerating its dramatic US expansion by offering exclusive franchise territories in all the best locations throughout North Carolina. Our model center in Cary, NC, has demonstrated that NC is an ideal market for our high quality, well-differentiated tutoring and enrichment service business. We have experienced staff located in NC to train and support our franchisees. And to accelerate the early success of our first new franchise owners in the state, for a limited time we are offering the following significant financial incentives to new franchisees that do not purchase using a business/franchise broker:

- 1. Reduction in your franchise license fee**
- 2. Increase in the size of your exclusive territory**
- 3. Discount off your initial inventory of teaching materials**
- 4. Credit toward your grand opening advertising**
- 5. Reduction in your royalties for the first 12 months of operation**
- 6. Waiver of your contribution toward the advertising & marketing fund for the first 12 months of operation**

Total Savings of Over \$10,000

We urge you to act quickly to secure these large, unique incentives in one of the most prestigious, growing, recession-resistant and rewarding franchise businesses available anywhere: child education. Please call us immediately if you are interested in learning more about this rewarding franchise opportunity.
